

# MYANMAR: FSC SO1 – Food Assistance to IDPs

Jan to Sep 2022

*\*This map is based on data available at Township level. Information visualized on this map is based on data collected from 77 of partners which shared the 5Ws reports only under humanitarian programme.*

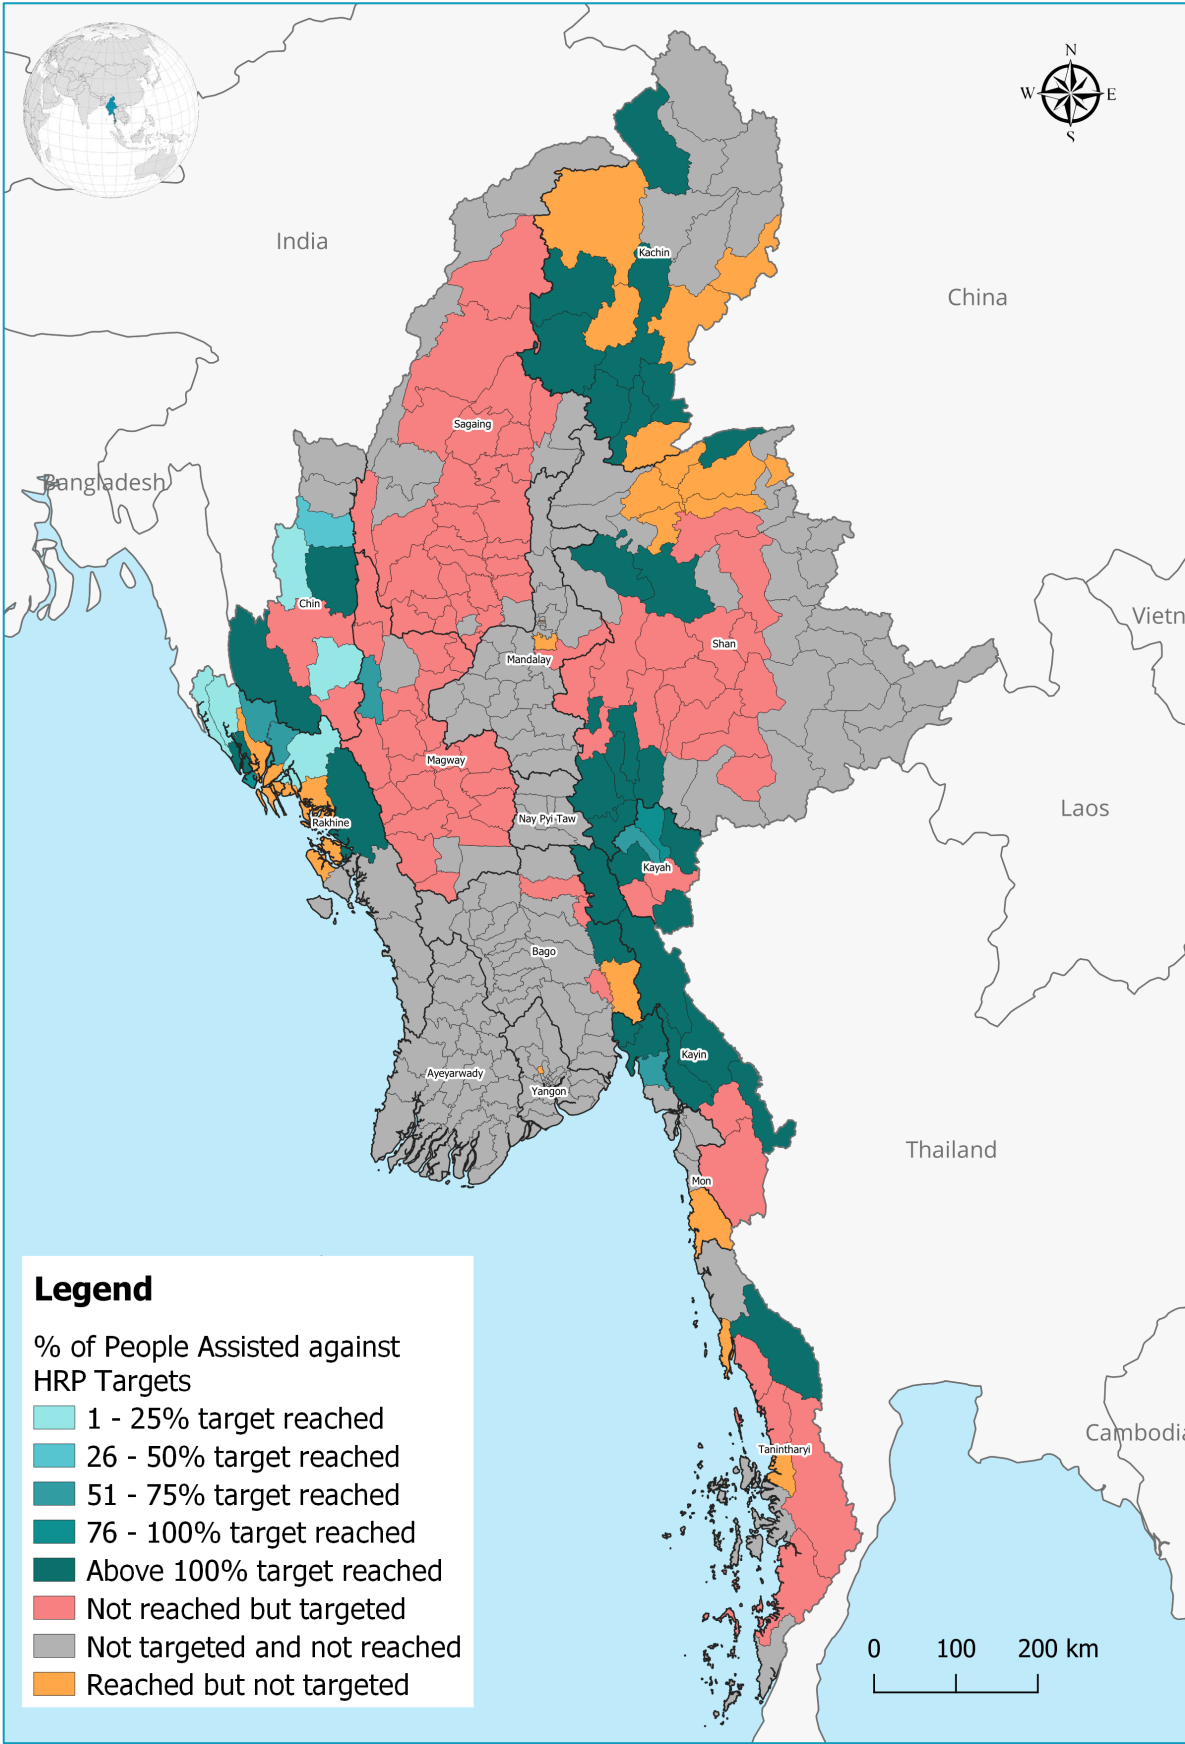

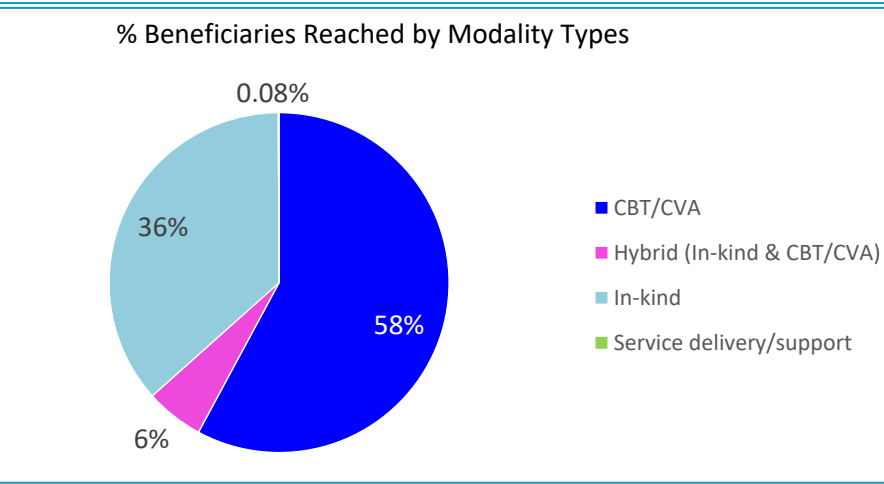

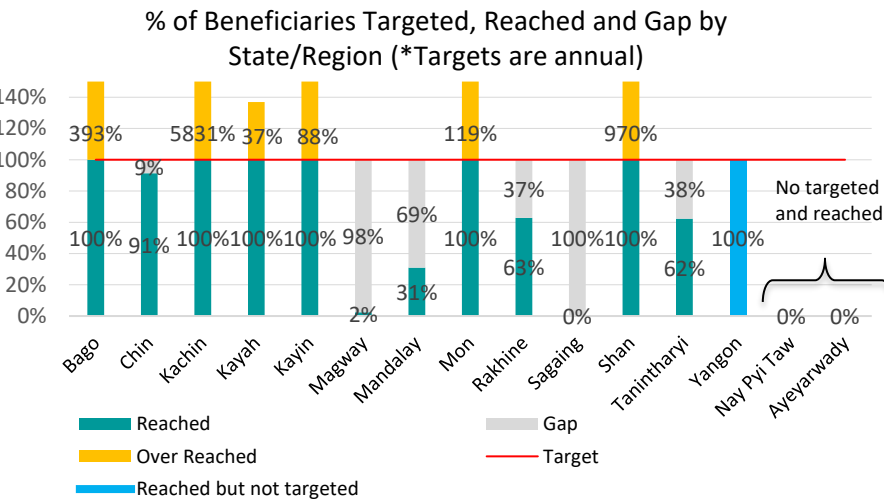

## Highlights

- Overall, total 67 (55%) townships were reached across 10 states/regions out of total 122 townships targeted in 12 states/regions under SO1 as of HRP 2022.
- At Q3, FSC reached beyond 100% of SO1 targeted IDPs with overreaching in 32 townships.
- However, FSC still has a limited number of interventions in the 2 most worrying regions of North-West Myanmar (Sagaing and Magway) at Q3. Efforts are still to me made to reach IDPs in those 2 regions.
- 50% of IDPs reached under SO1 are in a protracted displacement situation, the rest IDPs are recently displaced in Kayah, Kayin, Chin, Mon, Shan (South) States, Bago (East), Mandalay, Magway and Tanintharyi .
- As of UNOCHA’s update on 1 Oct 2022, the number of IDPs increased steeply more than 1.3 million across the country. The northwest part of Myanmar was hosting majority of country’s new IDPs about 699,200 including 545,200 in Sagaing, 101,300 in Magway, 39,300 in Chin and 13,400 in Rakhine

# MYANMAR: FSC SO2 Food Assistance to other vulnerable people (excl. IDPs)

Jan to Sep 2022

*\*This map is based on data available at Township level. Information visualized on this map is based on data collected from 77 of partners which shared the 5Ws reports only under humanitarian programme.*

## Highlights

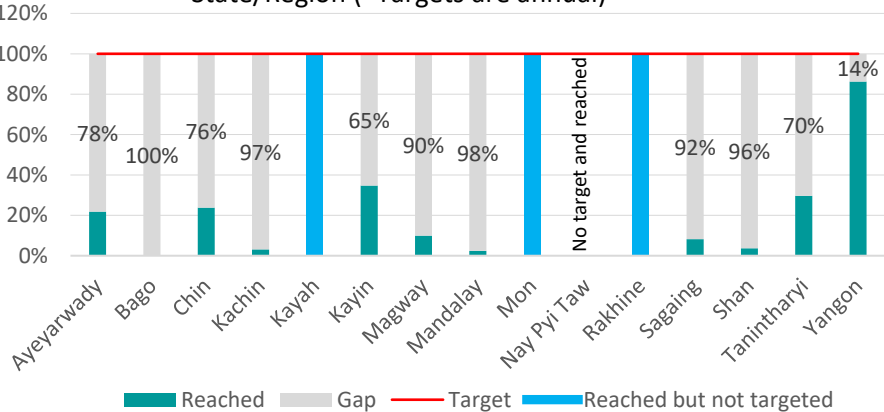

- Total 68 (35%) townships were reached across 11 states/regions out of total 193 townships targeted in all states/regions except Naypyitaw, Mon, Kayah and Rakhine under SO2 as of HRP 2022.
- A large-scale of geographical gap persisted in Q3 as well. By Q3 2022, 125 (65%) of targeted townships have not been reached.
- Though SO2 reached 87% of annual targeted beneficiaries at Q3, this assistance is heavily weighted towards urban areas (especially Yangon) where access is more straightforward.
- Just 5 townships in Yangon Region contained 71% of all beneficiaries under SO2 at Q3.
- Hlaingtharya East and West by themselves contained 37% of all beneficiaries reached under SO2.
- 16% of beneficiaries reached under SO2 are Rakhine stateless people particularly in Northern Rakhine State but not targeted under SO2.

# MYANMAR: FSC SO3 Agriculture/Livelihoods Assistance to all population groups

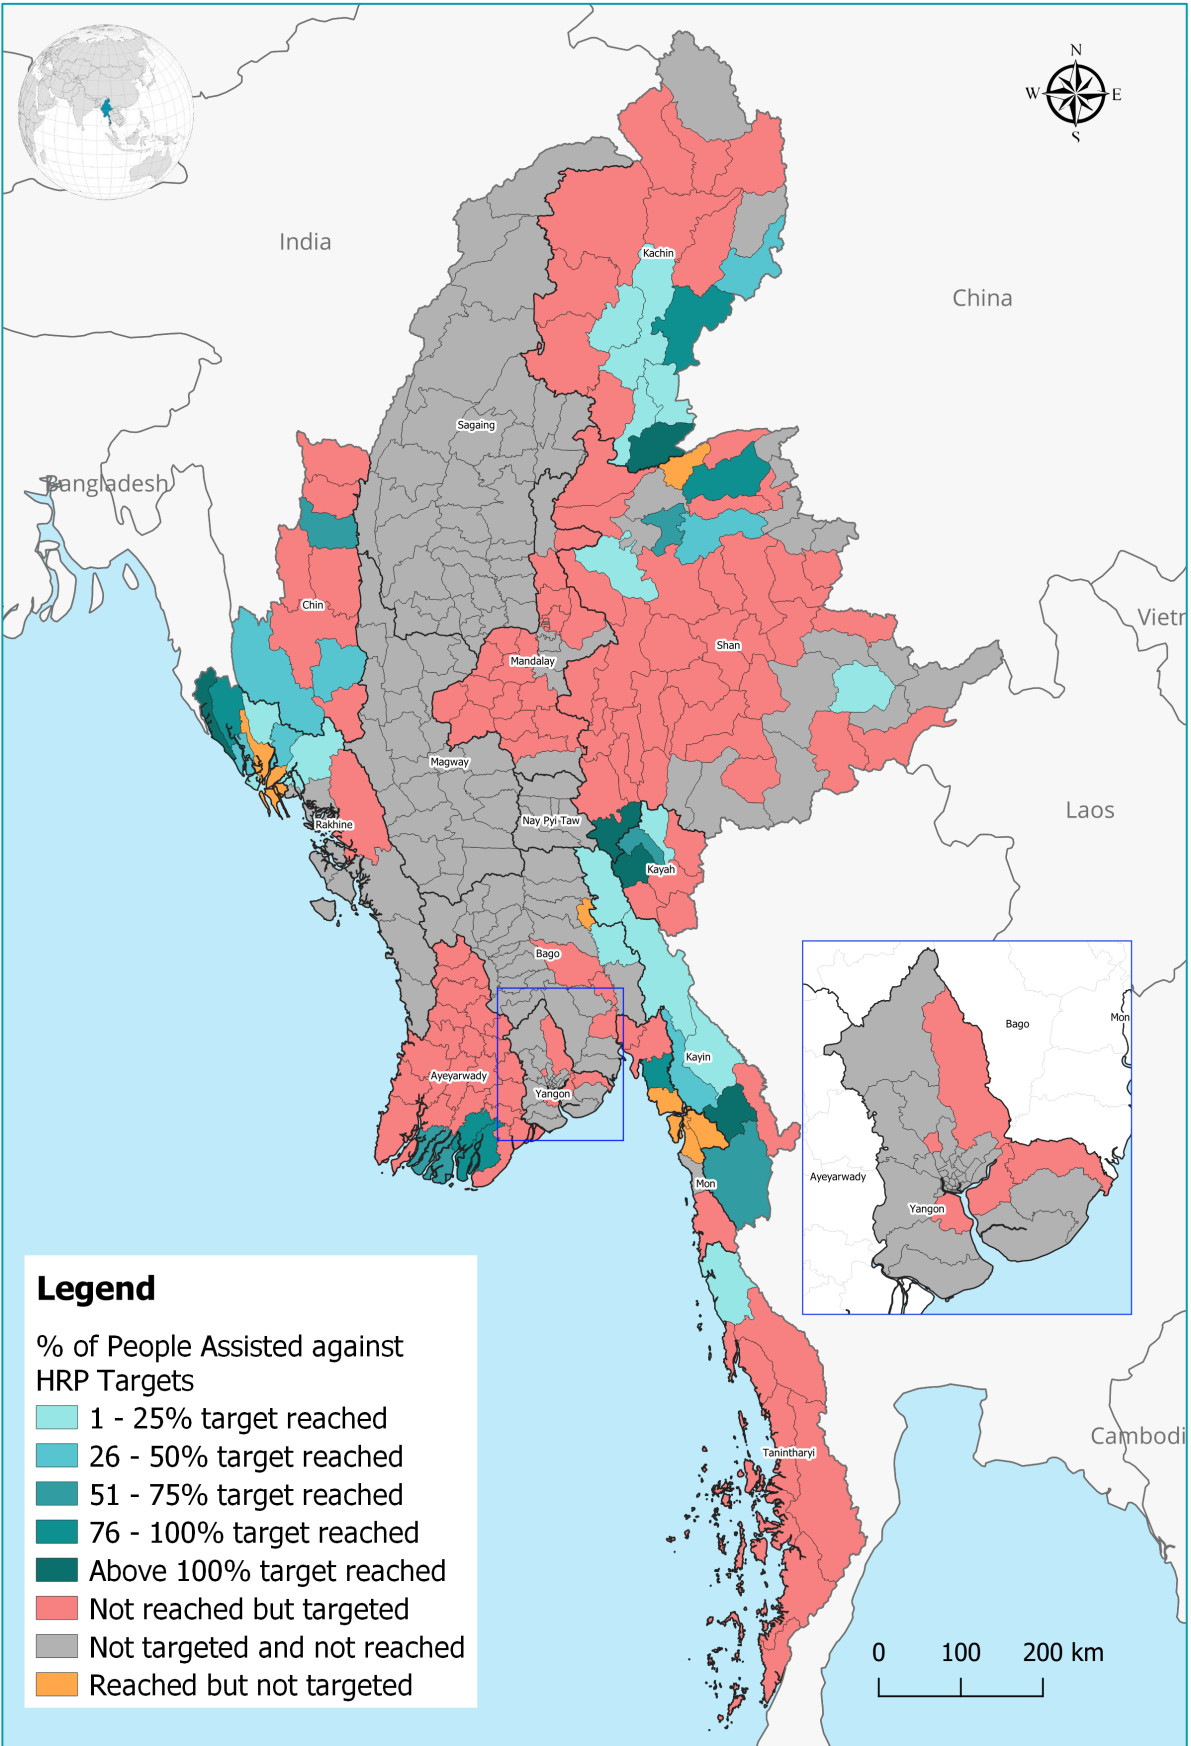

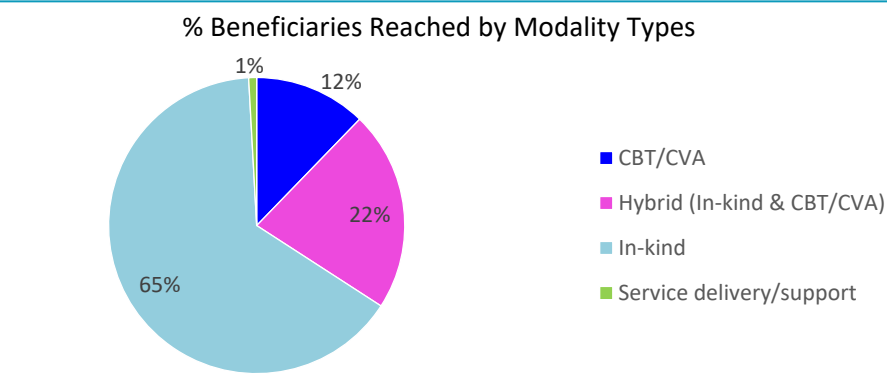

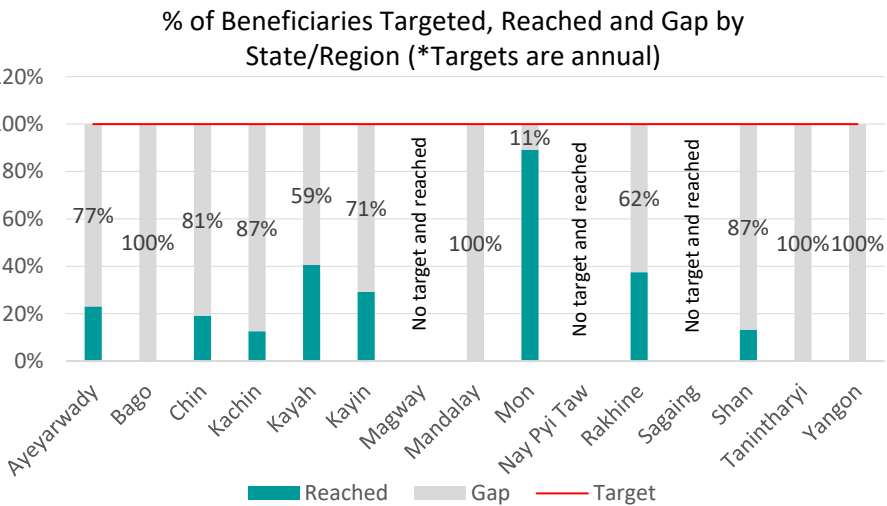

Jan to Sep 2022

*\*This map is based on data available at Township level. Information visualized on this map is based on data collected from 77 of partners which shared the 5Ws reports only under humanitarian programme.*

## Highlights

- Total 47 (30%) townships were reached across 11 states/regions out of total 156 townships targeted in 12 states/regions under SO3 as of HRP 2022.
- A large-scale of geographical gap persisted in Q3 as well. By Q3 2022, 109 (70%) of targeted townships have not been reached.
- The largest proportion of beneficiaries were reached in Northern Rakhine (36%) followed by Ayeyarwady, Kayah and Mon.
- Like during Q2, provision of crop, vegetable and seed kits represent the largest activity in Q3 and then followed by multi-purpose cash assistance for livelihoods purpose and FFS and farmer training.
- Despite a progress of SO3 Agriculture/Livelihoods (+107% from Q2), support to agriculture/livelihoods remains weak. Achievement at Q3 is just 22% against annual target.
- Limitation of funding for agriculture and livelihoods continued to Q3
