

MYANMAR: FSC SO1 – Food Assistance to IDPs

Jan to Jun 2022

**This map is based on data available at Township level. Information visualized on this map is based on data collected from 61 of partners which shared the 5Ws reports only under humanitarian programme.*

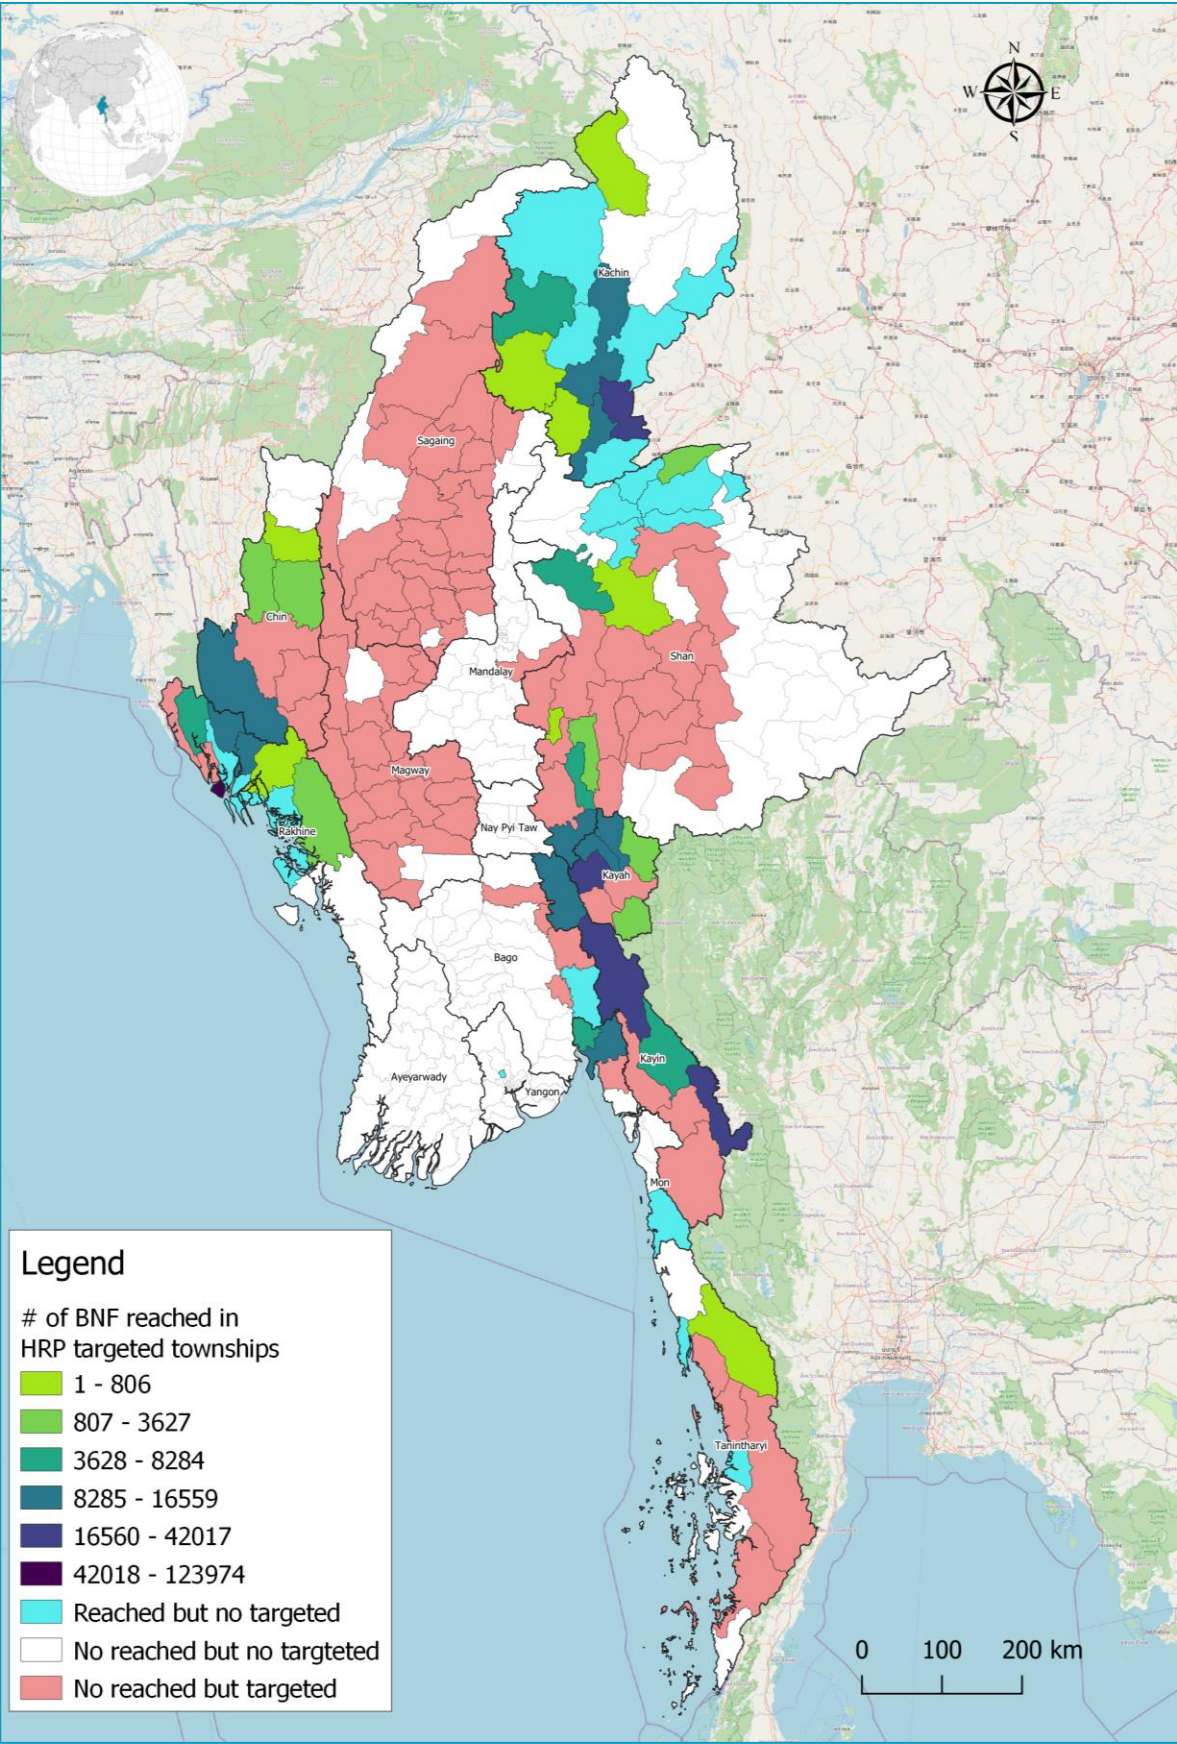

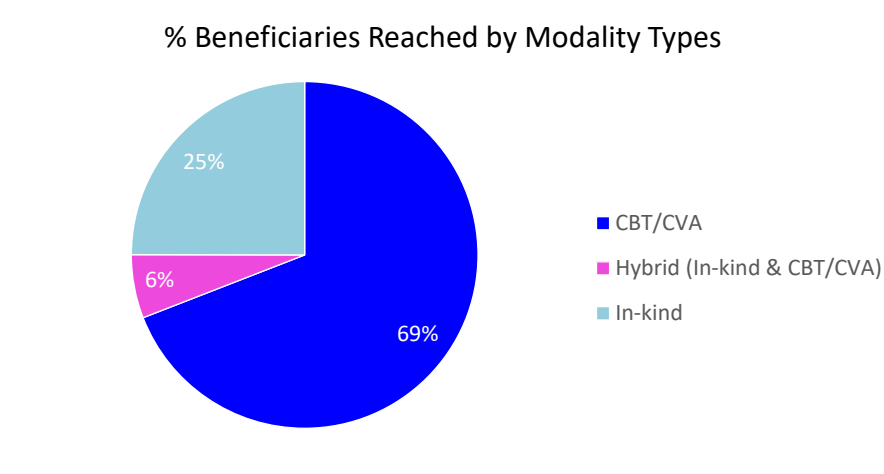

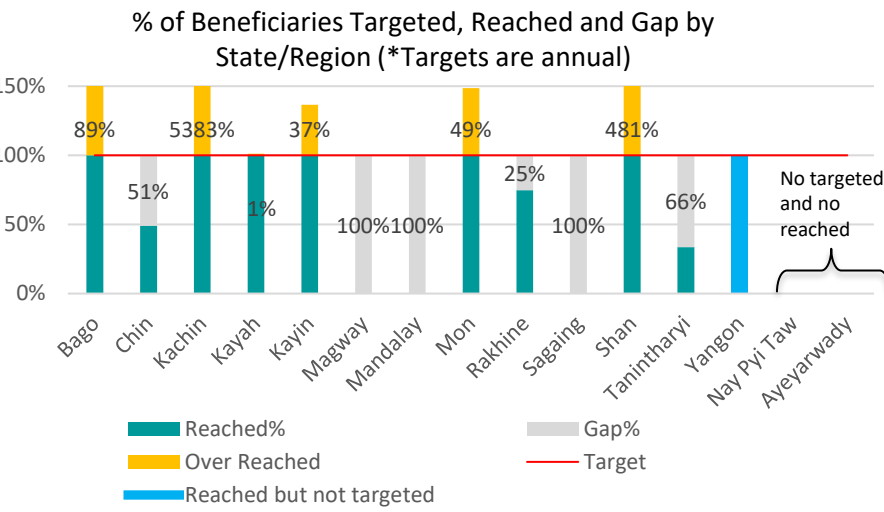

Highlights

- Overall, total 56 (46%) townships were reached across 10 states/regions out of total 122 townships targeted in 12 states/regions under SO1 as of HRP 2022.
- At Q2, FSC has reached 96% of the target IDPs
- 61% of IDPs reached under SO1 are in a protracted displacement situation, 39% new IDPs in recently displaced in Kayah, Kayin, Chin, Mon, Shan (South) States, Bago (East) and Tanintharyi
- Like Q1, FSC still has a limited number of interventions in the 2 most worrying regions of North-West Myanmar (Sagaing and Magway) at Q2. Efforts are still to me made to reach IDPs in those 2 regions.
- As of UNOCHA’s July 2022 update, the number of IDPs increased steeply to a total of 1.2 million across the country. The northwest part of Myanmar was hosting majority of country’s new IDPs about 583,100 including 470,000 in Sagaing, 79,200 in Magway and 33,900 in Chin.

MYANMAR: FSC SO2 Food Assistance to other vulnerable people (excl. IDPs)

Jan to Jun 2022

**This map is based on data available at Township level. Information visualized on this map is based on data collected from 36 of partners which shared the 5Ws reports only under humanitarian programme.*

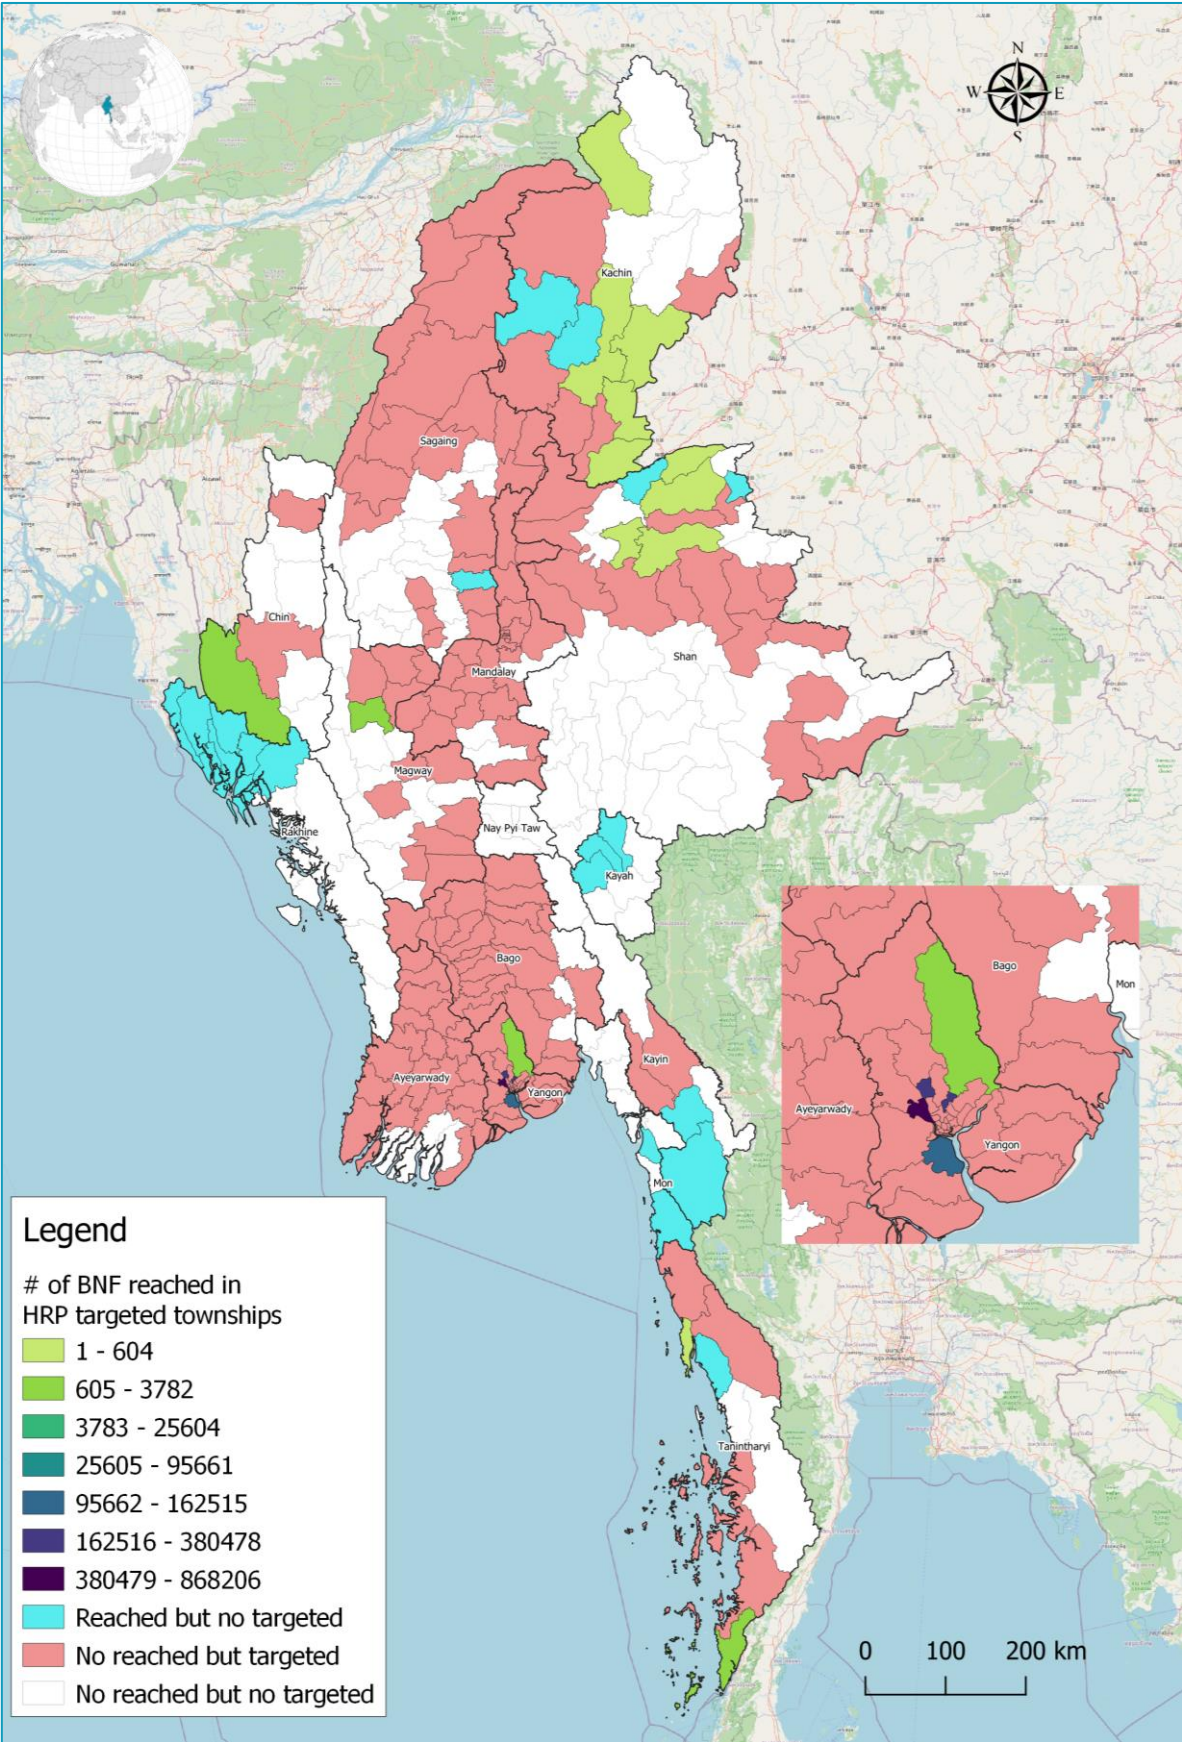

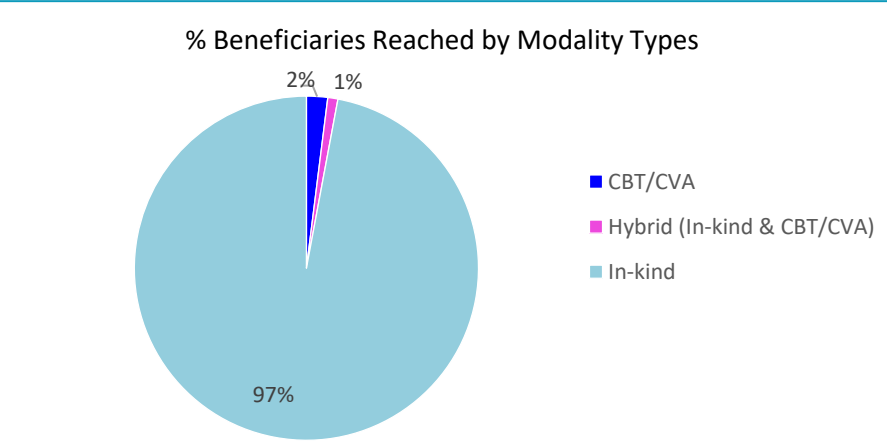

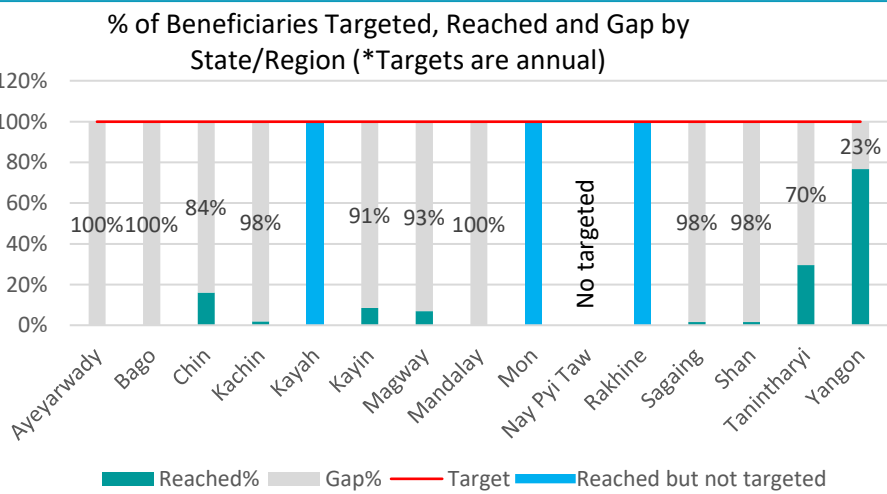

Highlights

- Total 41 (21%) townships were reached across 11 states/regions out of total 193 townships targeted in all states/regions except Naypyitaw, Mon, Kayah and Rakhine under SO2 as of HRP 2022.
- A large-scale of geographical gap persisted in Q2 as well. By mid-year 2022, 152 (79%) of targeted townships have not been reached.
- 22 townships in Rakhine, Kachin, Shan (North), Kayah, Mon, Tanintharyi and Sagaing were not targeted but have been reached by FSC partner.
- Though SO2 reached 72% of annual targeted beneficiaries at mid-year only, this assistance is heavily weighted towards urban areas (especially Yangon) where access is more straightforward.
- Just 5 townships in Yangon Region contained 82% of all beneficiaries under SO2 at a mid-year only.
- Hlaingtharya East and West by themselves contained 41% of all beneficiaries reached under SO2.

MYANMAR: FSC SO3 Agriculture/Livelihoods Assistance to all population groups

Jan to Jun 2022

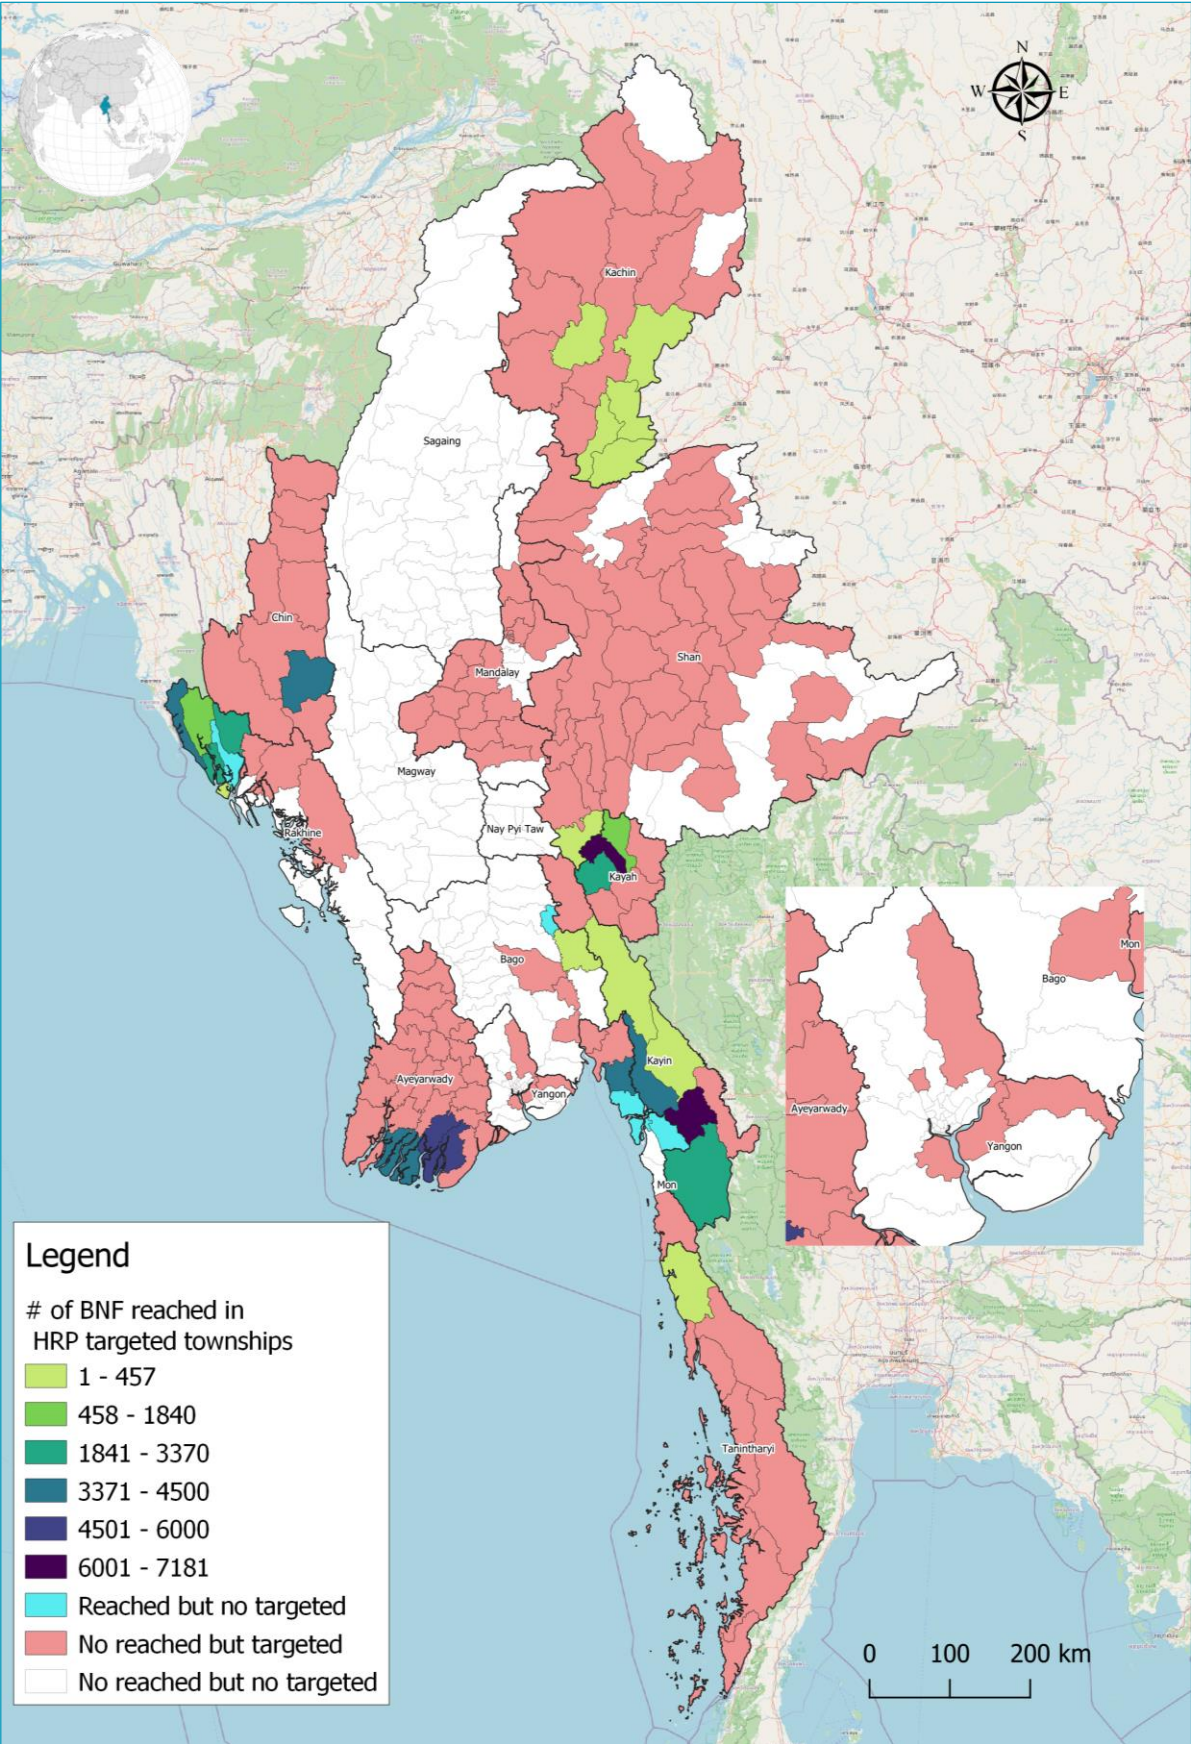

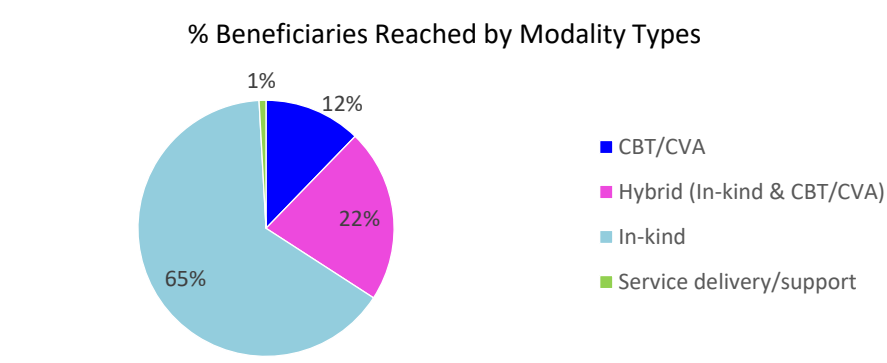

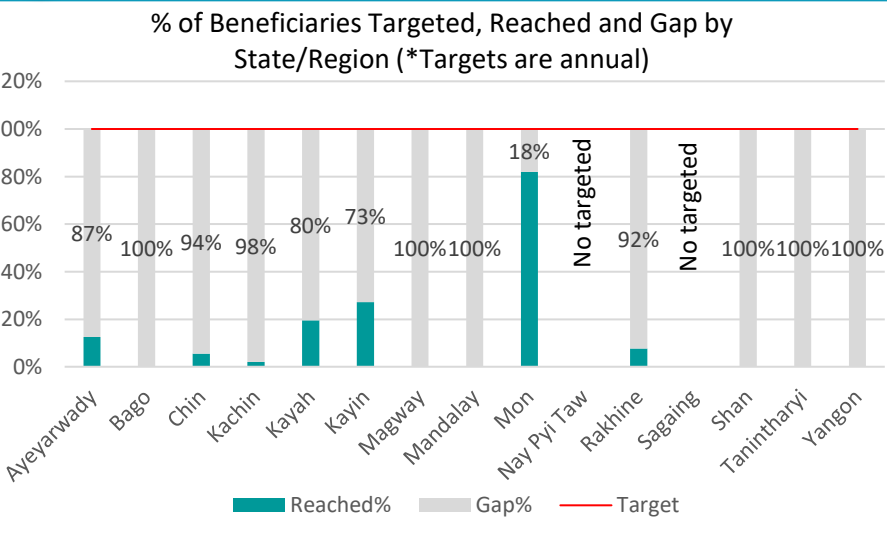

**This map is based on data available at Township level. Information visualized on this map is based on data collected from 36 of partners which shared the 5Ws reports only under humanitarian programme.*

Highlights

- Total 34 (22%) townships were reached across 10 states/regions out of total 156 townships targeted in 12 states/regions under SO3 as of HRP 2022.
- A large-scale of geographical gap persisted in Q2 as well. By mid-year 2022, 122 (78%) of targeted townships have not been reached.
- 6 townships which are Chaungzon, Kyaikmaraw, Mawlamyine, and Paung in Mon, Htatabin in Bago (East) and Ponnagyun in Rakhine were not targeted but have been reached by FSC partner.
- The largest proportion of beneficiaries were reached in Mon (25%) followed by Ayeyarwady, Rakhine, Kayin and Kayah.
- Provision of crop, vegetable and seed kits and trainings represent the largest activity in Q2 and then followed by food/cash for work activity
- Despite a progress of SO3 Agriculture/Livelihoods (+139% from Q1 to Q2), support to agriculture/livelihoods remains weak. Achievement at mid-year is just 10% annual.
- Limitation of funding for agriculture and livelihoods continued to Q2
